

*DebtMagicians® was created specifically for businesses with delinquent Consumer accounts that have not been sent for "collection"*

**This could be the perfect way to transform a delinquent Debtor into a paid account.  
There is no cost to the Creditor for settling a debt!\***

A Debtor can make a proposal to settle their debt by offering to pay a lesser amount than their outstanding balance

DebtMagicians uses our proprietary A.I. engine to negotiate an acceptable settlement

The Creditor can establish minimum acceptance criteria for groups of similar accounts

Extensive reporting and tracking of payments and debts

Compatible with virtually all accounting software

Available in multiple languages

A Debtor is automatically sent alerts for upcoming scheduled payments

A Debtor can choose to make a single payment or setup a payment installment plan to discharge their debt

Payments can be made using either an eCheck or a credit/debit card and *the Debtor pays ALL fees. The Creditor has **NO** debt settlement cost!*

A Debtor can 'crowdfund' their debt settlement by appealing to friends and family for assistance

DebtMagicians will generate an alert if a Debtor's proposal does not appear to be affordable

\* Non-PayClix merchants will be charged a monthly Account Maintenance Fee
